DzenRabs [4.0] July 29, 2013 wow nice game! i like the whole fantasy side this game has. the combat was good and immersive. one of the few games that actually moved a bit. need to work on the multiplayer aspect tho, its a simple "Local Multiplayer" but you can't quit out and jump into a match or something. still really good tho and well made. can't wait to see where you take this! DzenRabs [5.0] July 29, 2013 oh and ONE more thing, why is multiplayer such a hassle!?! i mean its simple and should be easy to use and quit out of when you're done playing. going all the way back to the main menu and saying "leave" or something. its annoying, its soo annoying and makes the game hard to use. Arman-Rozgin [4.0] July 26, 2013 Really like this game. So far all i've encountered in terms of bugs is a lag that occurs every so often. Aside from that, i'm loving this game. Going to keep on supporting it. Arman-Rozgin [5.0] July 26, 2013 Wow this game is amazing! So far all i've encountered in terms of bugs is a lag that occurs every so often.
